About Pond Inlet

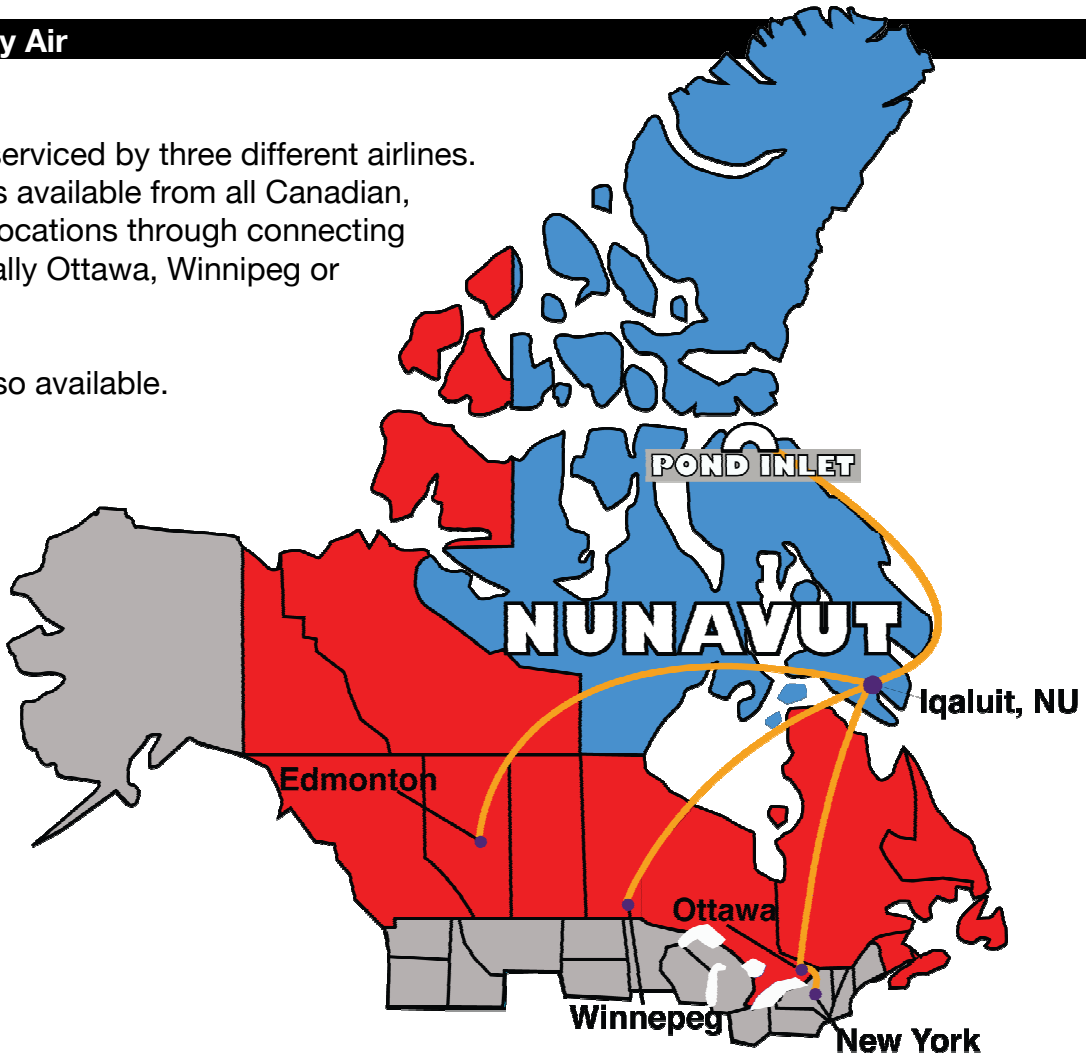

Situated on the northern shores of Baffin Island, the Inuit community of Pond Inlet looks across the waters of Eclipse Sound to the spectacular glacier-capped mountains of Bylot Island and Sirmilik National park. Pond Inlet, or Mittimatalik as it is known by local residents, is a place of beauty and charm where elements of traditional Inuit Culture meet and blend with modern-day technology. A prime example of this interaction is the community's active participation in theatre and film, and it would be hard to imagine a more beautiful setting.

Pond Inlet is known as one of the most picturesque communities in the North, and attracts visitors from around the world. There are numerous activities available nearby including hiking, backcountry camping and ski-touring at Sirmilik National Park, bird watching at the migratory bird sanctuary at Bylot Island, dogteam trips with local outfitters, and sea kayaking in Eclipse Sound. The nearby floe edge provides ready access to wildlife such as polar bears, narwhals, and seals.

DAYLIGHT

If you are planning on choosing Pond Inlet as your arctic location then it is very important that you consider the months which you will be shooting. Sure you can brave the cold if the temperature drops but you can't shoot without light! This part of Nunavut experiences 24 hours of darkness in the winter and 24 hours of daylight in the summer. Wouldn't it be something if you decided to shoot in December!

Annie Painguk Peterloosie 1936 – 2011

Nunavut has lost a well-known and beloved Inuk elder.

Annie had shared the Inuit Cultural performances since 1985.

Some of her greatest experiences as an artist were sharing Inuit ancestors' way of celebrating life with younger, Inuit generations and visitors from around the world.

Her greatest achievement in art was: winning a National Aboriginal Achievement Award,

"I have acted in the movies "Kiviuq" and "Diet of Souls" by drumsong's Houston productions, and passing on Inuit traditions to the younger generations."

While she spoke no English, she shared Inuit traditional knowledge with people of all backgrounds through storytelling of Inuit legends and myths, and traditional ajaja and drum dancing for the younger generations so their ancestors' way of living.

Annie Peterloosie's passion was teaching Inuit traditional values to anyone not aware of the Inuit culture.
